

Factory Tour

Only enter the Fagus or GreCon production areas accompanied by a company employee and please do not leave the clearly marked paths.

Safety shoes are to be worn when leaving the marked footpath or production areas.

Additional protective equipment/clothing is to be worn, if necessary (follow the instructions of your host).

Observe bans on admittance for marked protection areas (x-ray, laser, etc.). Smoking is allowed only in the designated smoking areas.

Immediately inform your host or a company employee about injuries, accidents, environmental, safety or other emergencies.

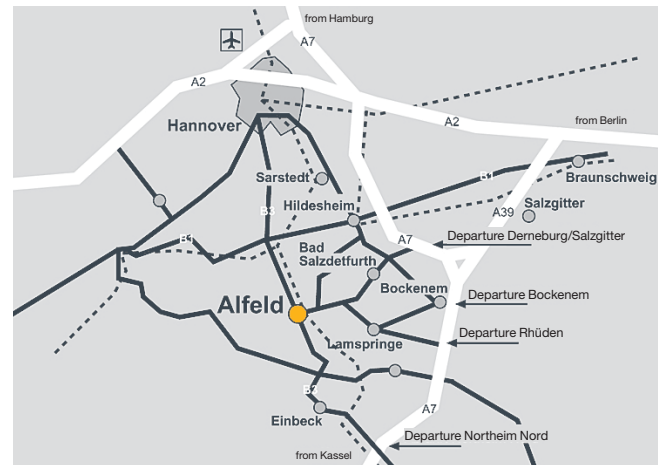

Environmental Protection

Please support us in keeping things tidy and clean. Only dispose of cigarette filters in the provided ashtrays. Do not leave rubbish, and help us to save energy wherever possible to take care of our environment and its resources. Thank you!

Fagus GreCon
ZUHAUSE IM WELTERBE

Fagus-GreCon Greten GmbH & Co. KG is an owner-managed family company located in Alfeld/Hanover, Germany. The business unit GreCon is market leader in the manufacture and development of fire protection and measuring technology systems. Thanks to the combination of design, lasts and moulds which is unique worldwide, the business unit Fagus is one of the leading suppliers to the footwear industry. Presently, the company group has approx. 600 employees worldwide.

FAGUS WERK

For your safety

Welcome

We cordially welcome you in the FAGUS FACTORY in Alfeld. You are here on the premises of the UNESCO World Heritage Site Fagus Factory as well as the companies Fagus-GreCon and Weing Grecon. Please observe the instructions of this flyer for your own safety and only enter areas that are open to the public. Please sign in at the front gate at the beginning of your visit, and - if you are no visitor of the world culture heritage/the exhibition - please sign out again when you leave. This is not necessary outside the usual opening hours of the gatehouse.

General

Please observe the safety and warning instructions for your own safety.

Familiarise yourself with the escape routes.

In case of evacuation alarm, immediately leave the building and directly go to the assembly point.

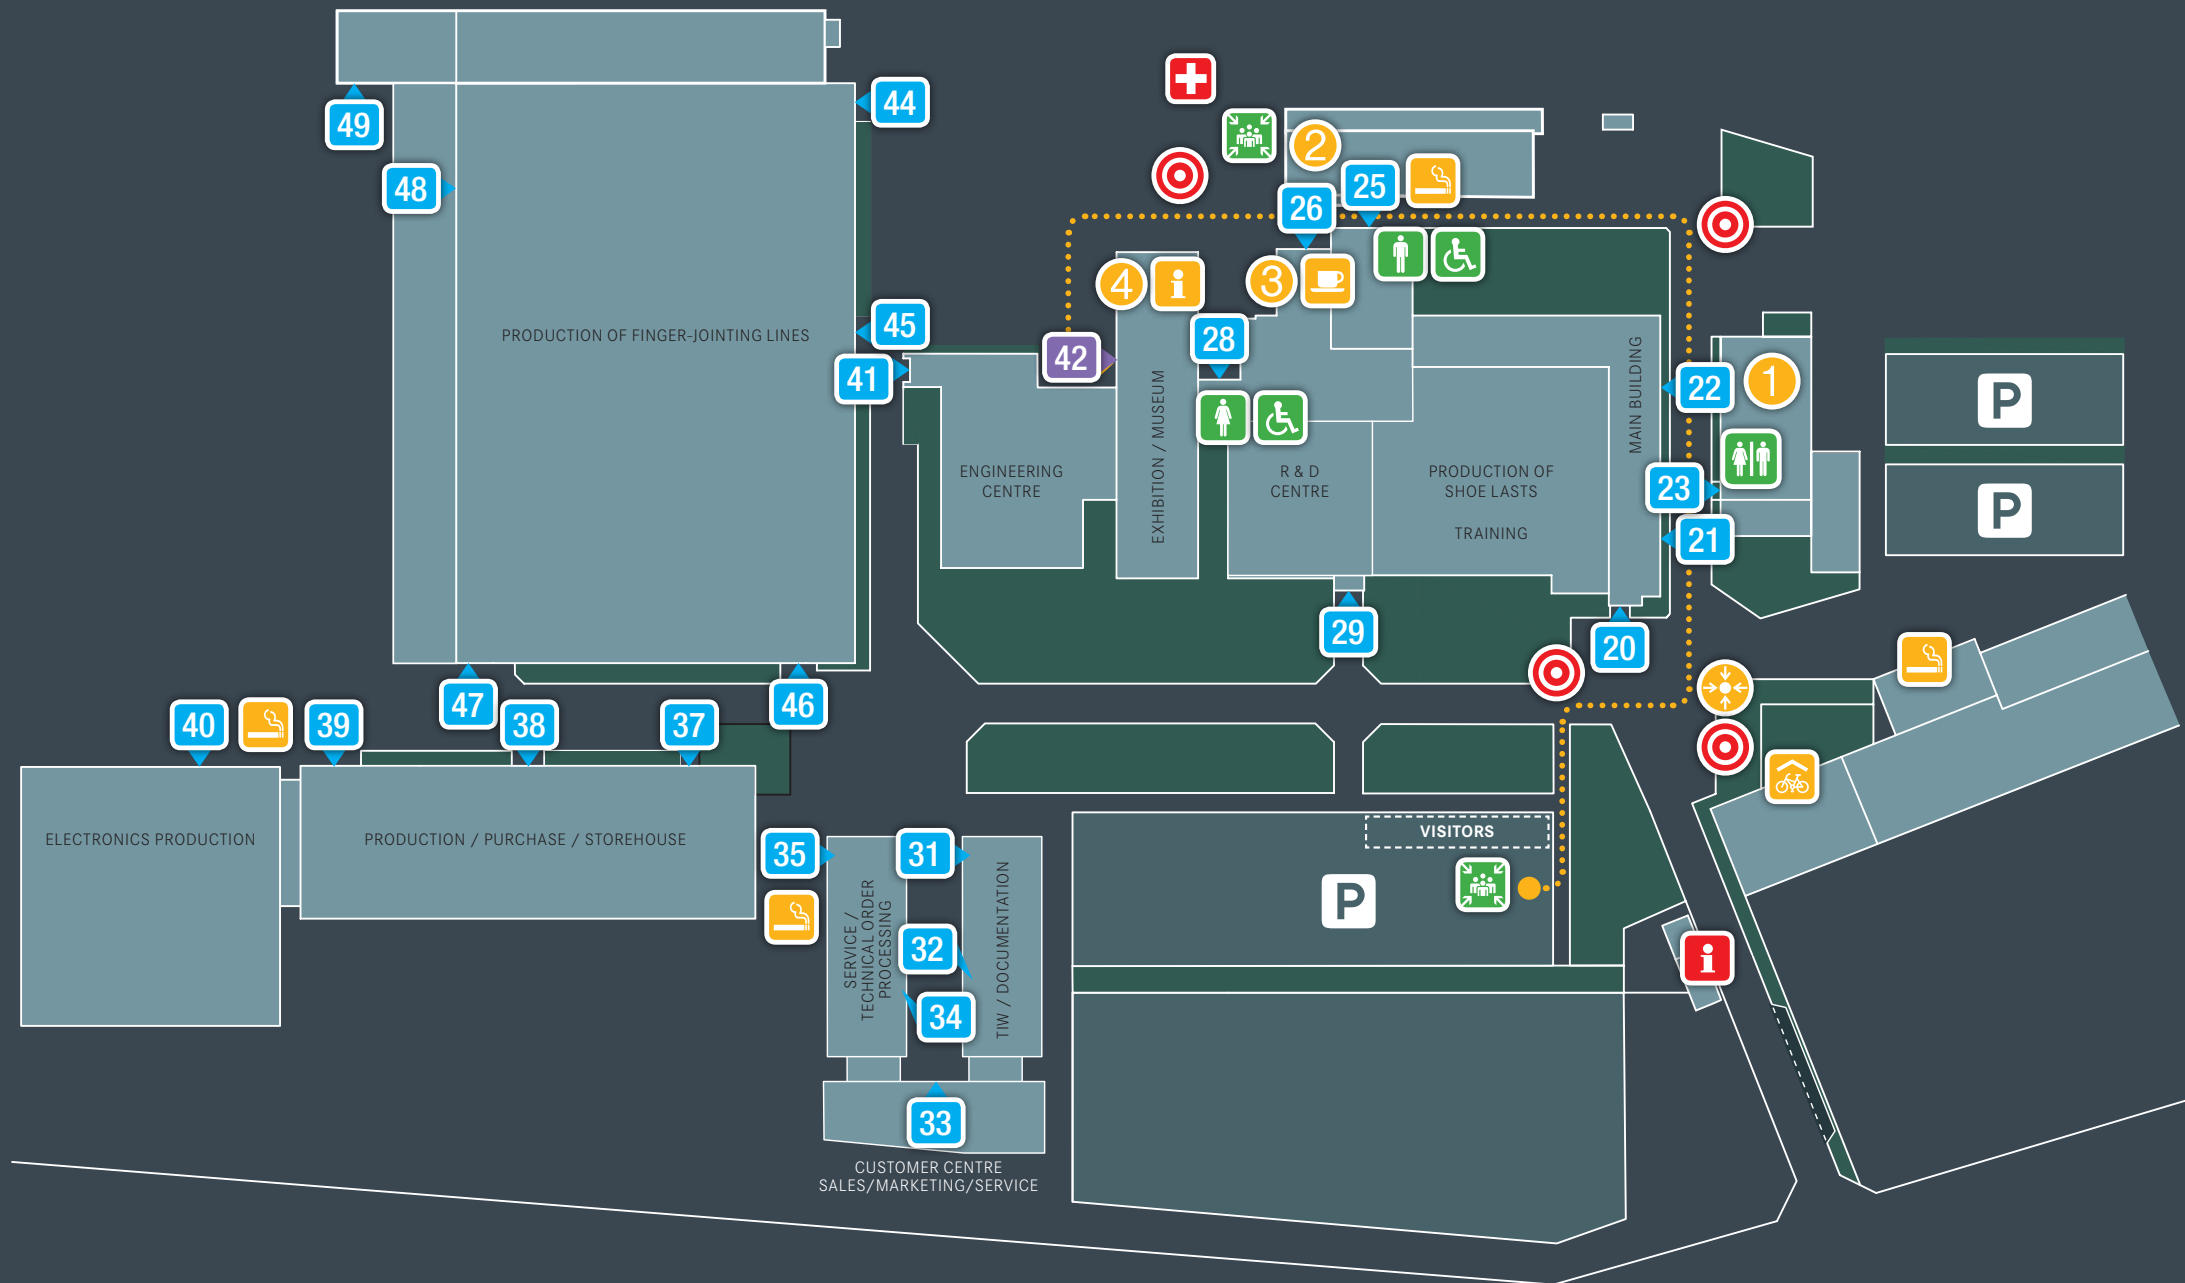

Photographing and filming in the production areas of the companies is prohibited.

Please respect the ban on smoking within buildings. Please exclusively smoke in the marked smoking areas and use the ashtrays.
